A toy is most fascinating when it is most like what grown folks use. This is true of the American Toy Typewriter. It prints a letter just like a grown folks' typewriter. Takes any business-size paper, has an automatic feed, a stationary dial and a self-inking type disk. It is the best educational toy we know. We furnish with the typewriter a small bottle of aniline ink, for re-inking the roller. Size of base $9\frac{1}{2} \times 4\frac{1}{2}$ inches.

The American Toy Typewriter given only to Companion subscribers for one new subscription and 25 cents extra, postage included. Price only \$1.00, postage and packing 20 cents extra when sold.
